Get to know us and see how we can provide some new fun and challenges for your patrons!

For 30 years, we've been building durable, cleanable interactive game systems and activities for high-use public spaces nationwide.

We are a small company with a big-time dedication to fun, games and learning!

Our systems are super engaging and rock solid reliable. Perfect for Libraries!

We can add opportunities for:

- creativity
- collaboration
- planning and problem solving
- fine-motor skill development
- both learning and some straight-up fun!

Kidzpace and Touch2Play systems can be an amazing addition to computer workstations, children's and teen areas, flex spaces and community spaces.

We can help enrich a library experience for visitors of all ages, from toddlers to teens and even for seniors.

And, there are options for any type of space, small or large!

Choose from a variety of cabinets, carts, counters and kiosks and four different versions of our amazing Touch2Play system.

Or, add some gaming excitement from:

- Xbox
- PlayStation
- Nintendo

Flip through these pages and see the many ways to offer fun experiences for all ages and interests!

Our Touch2Play series delivers the ultimate experience in fun and learning!

Touch2Play Max

The Max has a 21” monitor and over 70 activities and games. There’s something for everyone!

- Puzzles & Challenges
- Problem-solving activities
- Classic games & Card games
- Word & Math games
- Action & Sports games
- Coloring and Creative activities

Touch2Play Pro

The Pro is a slightly more compact version of the Max, with a 15” monitor and over 40 activities and games. It’s a perfect solution for smaller spaces and budgets.

Versatile Installation Options for the Max and Pro

- Wall or tabletop mount
- Attached to a mobile, adjustable cart
- Attached to a post or one of our multi-station designs
- Built onto our wall and counter units

10 one-hour long captivating videos can be added to any Touch2Play
Ask us for details!

Touch2Play Table

The versatile Table encourages social interaction, competition and even some collaboration with many amazing multi-player activities and games.
Its 43” monitor allows ample room for 1-4 players.

The Mobile and Dual Leg are wheelchair accessible.

Mobile Base

Dual Leg Base

Touch2Play Junior

This wall or floor mounted Touch2Play is designed with easy-to-play activities and games for younger children, ages 2-6.

The 50” HD touch screen creates a delightful interactive experience that promotes fun and learning. Older siblings and parents can join in, too!

Create Custom Main Screens on any Touch2Play!

Included with any Touch2Play system is the option to add your library logo and a welcome message right on the main screen!

It’s also a wonderful way to recognize and thank any donors who have helped fund your Touch2Play.

Video Game Options

Cabinets and Carts

Durable, cleanable metal and wood cabinets with complete video game systems!

Wall Mounted Cabinet

Our Euro-style locking cabinets come with a game system and pre-loaded games, dual controllers and a 23” monitor.

Choose from:

- Xbox
- PlayStation
- Nintendo

The option to purchase the cabinet, monitor, and dual controllers to use with an existing video game system is also available.

Mobile Pedestal Cart

Free-standing Design

The Edge is a free-standing option that comes with a choice of Xbox, PlayStation or Nintendo game systems, with pre-loaded games, dual controllers and a 23” HD monitor.

Its simple plug-and-play installation makes it an easy addition to almost any area.

Multi-Station Systems

Flexible and space-efficient, here are three different multi-station systems: the colorful Carousel, the sleek Euro Triangle and the Post Mount system.

Carousel

Euro Triangle

Post Mount

Each station operates independently to allow for a mix and match of systems to multiply the fun! Choose a Touch2Play Max or an Xbox, PlayStation or Nintendo video game for any station.

Counter and Wall Units

Create a complete people-pleasing gaming set up! These counter and wall components can be used together or separately and can hold the Touch2Play Max, Pro, or Toddler systems or Euro cabinets with Xbox, Playstation or Nintendo video game systems.

Colorful Wall Mounted Toys and Panel Systems

With a wide range of tasks for younger children to explore, these captivating non-electronic activities help promote creativity as well as fine motor and problem-solving skills, all while having fun!

Circus Train

These delightful toys can be placed on a wall individually or in groups, or enjoyed on a multi-panel wall or floor system.

Many options are available!

Wacky Wall

Fun Island

Kidzpace Colors, Finishes and Specifications

All of our interactive game systems come in a wide array of vibrant colors to match any theme or décor . We can provide a complete color chart showing the options. The finishes are extremely durable and super easy to clean.

We also have technical specifications and detailed installation instructions for every model. Just ask us!
